Subject index

Abdomen

External abdominal wall hernias: experience with elective and emergency repairs in Nigeria, 834

Indium-111-labelled leucocytes in the diagnosis of abdominal abscess, 184

Lateral paramedian incision, 736

Non-specific abdominal pain as a cause of acute admission to hospital, 239

Polydioxanone or polypropylene for closure of midline abdominal incisions: a prospective comparative clinical trial, 828

Postoperative intra-abdominal sepsis, 973

Use of ultrasound scan as a bedside diagnostic aid (short note), 611

Abscess

Indium-111-labelled leucocytes in the diagnosis of abdominal abscess, 184

Ultrasound-guided percutaneous drainage of intra-abdominal abscesses, 620

Achalasia

Heller's myotomy for achalasia: is an added anti-reflux procedure necessary? 765

Adrenal

Adrenal cortical carcinoma with invasion into the inferior vena cava (case report), 598

Early surgical history of phaeochromocytoma, 594

Insuloma and ganglioneuroma (case report), 1183

Ampulla of Vater

Treatment and outcome in 52 consecutive cases of ampullary carcinoma, 957

Amputation

Experience with the 'skew flap' below-knee amputation, 930

Role of computed tomography in selecting patients for hindquarter amputation, 711

Amyloid disease

Place of surgery in the management of amyloid disease, 83

Anaesthesia

Effects of epidural administration of local anaesthetics or morphine on postoperative nitrogen loss and catabolic hormones, 421

Use of sodium nitroprusside induced hypotensive anaesthesia for reducing blood loss in patients undergoing lienorenal shunts for portal hypertension, 1036

Aneurysm

Peripheral false aneurysms in Behcet's disease (case report), 67

Pseudo-aneurysm of the profunda femoris artery following a stab wound (case report), 804

Angioplasty

Development of a false aneurysm following percutaneous transluminal angioplasty (case report), 652

Antibiotic

Effect of topical and systemic antibiotics on bacterial growth kinesis in generalized peritonitis in man, 303

Anus

Anorectal myectomy for outlet obstruction, 373

Anorectal temperature sensation: a comparison of normal and incontinent patients, 511

Carcinoid tumours of the rectum and anus, 358

Discrimination is not impaired by excision of the anal transition zone, 1118

Impact of new technology on anorectal disorders, 235

Natural history of anterior mucosal prolapse, 679

Neural control of internal anal sphincter function, 668

Out-patient treatment of haemorrhoids with bipolar diathermy coagulation (surgical workshop), 827

Physiological study of pruritis ani, 576

Randomized trial comparing anorectal myectomy and controlled anal dilation for outlet obstruction, 1125

Sliding flap advancement for the treatment of high level fistulae, 390

Submucosal versus ligation excision haemorrhoidectomy: a comparison of anal sensation, anal sphincter manometry and postoperative pain and function, 948

Aorta

Salvage autotransfusion in aortic surgery: initial studies using a disposable reservoir, 755

Use of orthopaedic staples to control aortic bleeding (surgical workshop), 319

Appendix

Role of *Enterobius vermicularis* in the aetiology of appendicitis, 748

APUD

Carcinoid tumours of the rectum and anus, 358

Insuloma and ganglioneuroma (case report), 1183

Artery

Arterial healing in the dog after intraluminal delivery of pulsed Nd-YAG laser energy, 430

Cystic adventitial arterial disease, 89

Distal arterial bypass composite grafting, 249

Early diagnosis of femorodistal graft stenoses, 268

Effects of knee flexion on the *in situ* femoropopliteal vein bypass graft (surgical workshop), 650

Popliteal artery trauma: a high risk injury, 91

Secondary arterio-enteric fistulae: a surgical challenge, 256

Assessment

Evaluating surgical risk: the importance of technical factors in determining outcome, 791

Pre-operative assessment of fitness score, 890

Atheroma

Raised serum thyrotrophin in women with peripheral arterial disease, 1139

Audit

Auditing the vascular surgical audit, 98

In the BJS now, 341

Length of stay for common surgical procedures: variation among districts, 884

Bile

Pathophysiology of acute obstructive cholecystitis: implications for non-operative management, 1084

Periodic gallbladder contraction maintains bile acid circulation during the fasting period – a canine study, 1134

Relative contribution of bile and pancreatic juice duodenogastric reflux in gastric ulcer disease and cholelithiasis, 721

Bile-surgery

Choledochoduodenostomy for intrabiliary rupture of hydatid cysts of liver, 243

Bile duct

Acute cholangitis in association with acute pancreatitis: incidence, clinical features and outcome in relation to ERCP and endoscopic sphincterotomy, 1103

Appraisal of the management of bile duct stones, 555

Endoscopic management of common duct stones without cholecystectomy, 209

Infusion cholecystography as the initial investigation in acute biliary disease (short note), 204

Left intrahepatic cholangio-enteric anastomosis (round ligament approach): an effective palliative treatment for hilar cancers, 952

Loss of substance in bile ducts treated by a new surgical endoprosthesis, 731

Modified hepaticojejunostomy for permanent biliary access (surgical workshop), 612

Morbidity and mortality of common bile duct exploration, 1095

Operative choledochoscopy via the cystic duct: a pilot study with an ultra-thin fibreoptic endoscope (surgical workshop), 613

Renal impairment following biliary tract surgery, 843

Reticulo-endothelial function in obstructive jaundice, 1091

Study of common bile duct exploration and endoscopic sphincterotomy in a consecutive series of 438 patients, 916

Surgical management of strictures of the major bile ducts in recurrent pyogenic cholangitis, 1100

Suture granuloma simulating a cholangiocarcinoma (case report), 1181

Biopsy

Fine-needle aspiration biopsy and the diagnosis of thyroid cancer, 292

Bladder

Ureteric re-implantation in the neuropathic bladder, 1107

Blood

Blood viscosity in patients with bone fractures and long term bed-rest, 301

Effect of defibrinogenation on the early patency rate of experimental small calibre arterial grafts, 508

Effect of pre-operative blood transfusion on tumour metastases, 520

Indicators of depressed fibrinolytic activity in pre-operative prediction of deep venous thrombosis, 275

Random control trial of a short course of aspirin and dipyridamole (Persantin) for femorodistal grafts, 246

Salvage autotransfusion in aortic surgery: initial studies using a disposable reservoir, 755

Splenectomy as primary treatment for hairy cell leukaemia (short note), 1169

Splenectomy in the management of haematological disease, 353

Blood flow

A reliable and readily available method of measuring limb flow in intermittent claudication, 516

Assessment of perfusion in postoperative patients using tissue oxygen measurements, 263

Effect of carotid endarterectomy on cerebral blood flow and its response to hypercapnia, 994

Non-invasive endoscopic technique to assess gastrointestinal perfusion, 1053

Reduced response of cerebral blood flow to hypercapnia: restoration by extracranial bypass, 802

Transcranial Doppler assessment of cerebral collateral during carotid endarterectomy, 260

Use of gamma camera for measuring limb blood flow in peripheral vascular disease, 271

Brain

Effect of carotid endarterectomy on cerebral blood flow and its response to hypercapnia, 994

Reduced response of cerebral blood flow to hypercapnia: restoration by extracranial bypass, 802

Breast—benign

Cyclical mastalgia: clinical and mammographic observations in a screened population, 220

Diseases of the breast in Nigeria, 582

Gigantomastia in pregnancy, 585

Lymph nodes presenting as breast lumps (short note), 1167

Treatment of breast lumps in the teenager (short note), 1168

Breast—inflammatory

Mammary fistula, 466

Review of a hospital experience of breast abscesses, 469

Breast—malignant

Activated oestrogen receptor in human breast cancer: clinical and biochemical correlates, 588

Carcinoma of the breast in women aged 35 or less, 591

Consultations for breast disease in general practice and hospital referral patterns, 1020

Diseases of the breast in Nigeria, 582

Excision of solitary lung metastases from two patients with breast cancer (case report), 194

Fatal hyperlipaemia in a case of metastatic breast cancer treated by tamoxifen, 586

Importance of cellular DNA content in pre-malignant breast disease and pre-invasive carcinoma of the female breast, 905

Mitogenicity of human fibroblasts *in vivo* for human breast cancer cells, 227

Mondor's disease as a presenting symptom of breast cancer (case report), 700

Predictive power of progesterone receptor status in early breast carcinoma, 223

Preliminary results of the Nottingham breast self-examination education programme, 217

Primary lymphoma of the breast, 214

Prognostic significance of oestrogen and progrestogen receptor activities in breast cancer, 1009

Prognostic significance of the DNA content of human breast cancer, 133

Reduction of surgical excision rate in benign breast disease using fine needle aspiration cytology with immediate reporting, 1014

Breast—surgery

Choice of surgery for early breast cancer: pre- and postoperative levels of clinical anxiety and depression in patients and their husbands, 1017

Morbidity after surgery for breast cancer (short note), 1166

Nipple preservation during mastectomy, 58

Postoperative seroma following mastectomy and axillary dissection (short note), 1187

Breast—tumour

Case for conservative management of selected fibro-adenomas of the breast, 857

Carcinogenesis

Inhibition of intestinal carcinogenesis by dietary supplement with calcium, 523

Kinetic changes in experimental colonic urinary diversion, 1046

Mitogenicity of human fibroblasts *in vivo* for human breast cancer cells, 227

Role of urokinase in colorectal neoplasia, 460

Spontaneous regression of metastatic renal carcinoma, 1

Carcinoma

Factor X-activating activity in patients with colorectal carcinoma, 1122

Potential impact of immunobiotechnology on cancer therapy, 705

Carotid

Asymptomatic carotid murmur: ultrasonic factors influencing outcome, 496

Long-term effect of carotid endarterectomy on carotid sinus baroreceptor function and blood pressure control, 997

Prospective assessment of carotid endarterectomy by clinical and ultrasonic methods, 926

Transcranial Doppler assessment of cerebral collateral during carotid endarterectomy, 260

Chemotherapy

Evaluation of the prognostic factors in gastric cancer: the effect of chemotherapy on survival, 715

Chest

Excision of solitary lung metastases from two patients with breast cancer (case report), 194

Prediction of postoperative pulmonary complications in oesophagogastric cancer surgery, 408

Colon—congenital

Adenomatous polyposis: an association with carcinoma of the thyroid, 377

Colon—inflammatory

Gastrointestinal haemorrhage from a second source in patients with colonic angiodysplasia, 726

Mucosal proctectomy and colo-anal anastomosis for distal ulcerative proctocolitis, 381

Spontaneous passage of a colon 'cast' in a patient with ischaemic colitis (case report), 436

Colon—inflammatory disease

Outcome of surgery for Graves' disease re-examined, 780

Role of aspiration biopsy cytology in the diagnosis of cold solitary thyroid nodules (short note), 203

Stitch granulomata after thyroid surgery (short note), 62

Transplantation

Absorptive and motor function of orthoptically vascularized segmental ileal autografts, 187

Access for acute haemodialysis: a unique, pulse preserving shunt (surgical workshop), 251

Combination fine-needle aspiration cytology and intrarenal manometry at the onset of renal dysfunction, 297

Orthoptic liver transplantation: postoperative complications and their management, 3

Transluminal angioplasty *versus* conventional operation in the treatment of haemodialysis fistula stenosis: results from a 5-year study, 1004

Urological complications in 600 consecutive renal transplants, 922

Trauma

Arrow wounds to the heart and mediastinum, 126

Assessment of hospital workload in war surgery, 831

Bush thoracotomy in the Highlands of Papua New Guinea, 129

Gangrene of the right colon: a rare complication of trauma-related systemic hypotension (case report), 149

Management of caustic ingestion in adults, 146

Management of parotid sialoceles: a simple surgical technique (surgical workshop), 309

Pseudo-aneurysm of the profunda femoris artery following a stab wound (case report), 804

Spleen-saving procedures in paediatric splenic trauma, 350

Splenic trauma and overwhelming postsplenectomy infection, 343

Subclavian vascular injuries, 1001

Tropical

Ascaris lumbricoides and intestinal perforation, 643

Chloroquine administration for malaria suppression after abdominal surgery, 140

Pre-operative albendazole therapy for hydatid cyst, 805

Tumour

Radiation-induced brachial plexus neuropathy following breast conservation and radical radiotherapy (short note), 855

Ulcer

Controlled trial of occlusive dressings in healing chronic venous ulcers, 626

Prospective 14- to 18-year follow-up study after parietal cell vagotomy, 1056

Ultrasound

Role of ultrasound in the diagnosis of liver metastases before surgery for large bowel cancer (short note), 480

Ureter

Ureteric re-implantation in the neuropathic bladder, 1107

Ureteroduodenal fistula (case report), 499

Urine output

Assessment of perfusion in postoperative patients using tissue oxygen measurement, 263

Urology

Management of colovesical fistula, 362

Prospective randomized controlled trial of urethral *versus* suprapubic catheterization, 624

Ureteroduodenal fistula (case report), 499

Vagotomy

Effect of vagal denervation on canine gallbladder motility, 850

Kinetics of intra-operative pH of the canine fundal mucosa before and after truncal vagotomy, 142

One hundred patients ten years after parietal cell vagotomy, 101

Perforated duodenal ulcer managed by simple closure *versus* closure and proximal gastric vagotomy (case report), 286

Prospective 14- to 18-year follow-up study after parietal cell vagotomy, 1056

Varices

Late results of mesocaval interposition shunting for bleeding oesophageal varices, 787

Mechanism of the haemostatic effect of etholamine oleate in the injection schlerotherapy for oesopahgeal varices, 50

New approach in the management of oesophageal varices, 607

Prospective randomized trial comparing two injection techniques for sclerosing oesophageal varices; over-tube and free-hand, 603

Varicose veins

Changes in the apparently normal limb in unilateral venous ulceration, 936

Controlled trial of occlusive dressings in healing chronic venous ulcers, 626

Intraluminal long saphenous vein stripping: a technique minimizing perivenous tissue trauma (surgical workshop), 255

Vascular

A reliable and readily available method of measuring limb flow in intermittent claudication, 516

Acute superior mesenteric ischaemia, 279

Asymptomatic carotid murmur: ultrasonic factors influencing outcome, 496

Auditing the vascular surgical audit, 98

Bilateral ankle skin temperature as a predictor of early vascular graft patency, 795

Defective fibrinolysis: a risk factor in early femoropopliteal graft thrombosis, 932

Digital ischaemia and palpable pedal pulses, 493

Duplex scanning of the internal carotid artery: an assessment of cerebral blood flow, 630

Early results of low dose intra-arterial streptokinase therapy in acute and subacute lower limb arterial ischaemia, 504

Effect of carotid endarterectomy on cerebral blood flow and its response to hypercapnia, 994

Effect of defibrinogenation on the early patency rate of experimental small calibre arterial grafts, 508

Enterovesical fistula due to a Dacron aortic graft (case report), 645

Late ischaemic sequelae after umbilical artery catheterization, 628

Long-term effect of carotid endarterectomy on carotid sinus baroreceptor function and blood pressure control, 997

Modified dissecting forceps for handling expanded PTFE arterial prostheses (surgical workshop), 773

Prospective assessment of carotid endarterectomy by clinical and ultrasonic methods, 926

Prospectively randomized clinical trial to compare *in situ* and reversed saphenous vein grafts for femoropopliteal bypass, 252

Pseudo-aneurysm of the profunda femoris artery following a stab wound (case report), 804

Selective conservative and routine early operative treatment in acute limb ischaemia, 798

Spontaneous iliacocaval arteriovenous fistula: the case for differential diagnosis (case report), 1178

The ischaemic leg as a source of complement activation, 697

The role of non-invasive tests in arterial disease, 1075

Thrombosis of the superior mesenteric vein, 694

Transluminal angioplasty *versus* conventional operation in the treatment of haemodialysis fistula stenosis: results from a 5-year study, 1004

Treatment of mesenteric infarction, 500

Vascular trauma, 1077

Vein

Popliteal vein entrapment caused by the third head of the gastrocnemius muscle, 1006

Subclavian vascular injuries, 1001

Wound

Circumumbilical *versus* transumbilical abdominal incision, 822

Effects of haemorrhage on wound strength and fibroblast function, 316

Fascia closure after midline laparotomy: results of a randomized trial, 738

Improved wound healing response in surgical patients receiving intravenous nutrition, 320

New technique for pancreaticojejunostomy using a biological adhesive, 392

Peritoneal closure after lateral paramedian incision, 113

Postoperative seroma following mastectomy and axillary dissection (short note), 1187

Suture materials in contaminated wounds: a detailed comparison of a new suture with those currently in use, 734
